STUDENT WELFARE POLICY

Objectives:

The primary responsibility of Achariya College of Engineering Technology is to ensure the overall development of its students. This policy aims to guide students in accessing the available facilities for their welfare.

Scope:

- Recognizing students as the most important stakeholders, the college prioritizes their welfare. Various schemes have been introduced to provide financial assistance, support for co-curricular and extra-curricular activities, and overall growth opportunities.
- The college has introduced various schemes for the benefits of the student community and these schemes range from providing fully or partial financial help to support for co-curricular and extra-curricular activities. The college intends to provide facilities for overall growth of every student.

General Guidelines:

- The establishment of a Students' Council empowers students to represent their interests in college governance. The council is responsible for organizing co-curricular activities under the guidance of a designated advisor, fostering leadership qualities among students.
- The students' council is mandated to organize cocurricular and other student activities advised by the students council advisor. This promotes the leadership qualities.
- The Students' Council may establish clubs such as sports clubs, fluenta clubs, and student chapters of professional bodies to enrich students' experiences and skill sets.
- The students are encouraged to participate in various games and sports. The facilities are available for both boys and girls. The Sports and Games department is responsible for organizing the various events. Practices (Sports and Cultural activities) are sessions held as per the following timing in the college premises:
 - ✓ Summer: 3.30 pm to 6.30pm.
 - ✓ Winter 3.30 pm to 5.30pm
- The students are also encouraged to participate in literary and cultural events.
- The college has facilities for cultural programmes.
- Well-equipped gymnasium and yoga facility is available for use by students.
